

Aquatics Center opens at Sanger West High School

Contractor: [Harris Construction](#)

Project Snapshot:

- [On-time & Under Budget](#)
- [Part of the Sanger Educational Center](#)
- [Proud to partner with Sanger Unified School District and Myrtha Pools](#)

This project included a Myrtha California Gutter stainless steel pool with a PVC liner, surrounded by decking, landscaping, and fencing, plus a parking lot expansion and a 7,000 sq. ft. pool building featuring office space, men's and women's locker rooms, a mechanical room, and an equipment enclosure.

Off The Blocks

October 2025

Off the Blocks makes an explosive move forward with today's installment, a fresh approach to sharing noteworthy items from Myrtha Pools and Wellness for the North American audience. We hope aquatically minded folks everywhere enjoy the new platform. And with that in mind, take your mark ...

Myrtha Ready Room

Sanger West High School: Fresno, California

Sanger West High School: Fresno, California

Sanger West High School in California's central valley adds to Myrtha's growing legacy of excellent outdoor pools fit for both top-notch competition and general education and community use. Located in Fresno, Sanger West's pool is 59 meters long by 25 yards wide, and a Myrtha bulkhead allows for multiple configurations of all that water. The creation of this facility will drastically improve the efficiency and overall experience of several area swimming and water polo teams. The pool was designed by [Aquatic Design Group](#) and installed by [Western Water Features](#), and it is already in use after an exciting opening ceremony held at the end of September.
